Height/Weight 5'10" 235 Interests: Hunting, Metal  
Marital Status: Single fabrication, welding.  
Children: one 15 year old daughter(fulltime)

I had worked last in 2012 as part-time flying AT400 doing burn down work. The full-time pilot came back early for the following years which caused me to miss the roundup work. The D&M Flying Service owner passed away in an accident and the operation and plane was sold 2015.

Thanks for your consideration, Tony Booker
